Profile

Full-stack web developer (MongoDB, Express, React, Node.js) with 10+ years in restaurant and hospitality management in Brazil and Italy — from founding and running my own restaurant to managing operations at a four-star resort. I bring a first-hand understanding of business needs, work well under pressure and focus on what the user actually experiences. Completed the TripleTen Web Developer program (~860 hours) in September 2026.

Technical Skills

Front-end: HTML5, CSS3 (BEM, Flexbox, Grid), JavaScript, TypeScript, React, Vite	Back-end: Node.js, Express, MongoDB, REST APIs, JWT authentication
Tools: Git, GitHub, VS Code, Figma, Postman	Other: Responsive design, i18n (multilingual sites), basic SEO

Projects

- Sasso Nomad — sassonomad.com**
Trilingual (EN/IT/PT) slow-travel platform: blog and guides, live weather widget, digital product catalogue, user accounts with JWT, password reset and e-mail confirmation. React + Vite, Node/Express, MongoDB.
- Around the U.S.**
Social photo app: sign-up/login (JWT), protected routes, likes and profile editing. React front-end + Express/MongoDB REST API.
- De Pátria para Pátria**
Responsive one-page gallery built from a Figma design with BEM and CSS Grid; deployed on GitHub Pages.

Professional Experience

- Assistant Manager · 4-star luxury resort** Sardinia, Italy · Aug 2020 – Present
- Managed daily restaurant operations, reservation software, shift scheduling and shared management platforms.
 - Controlled cash, inventory and stock reporting; handled cost control and operational reporting.
- Dining Room Manager · Fine dining restaurant** Milan, Italy · Aug 2016 – Aug 2020
- Led front-of-house for a 6-person service team at a prestige-level restaurant.
 - Coordinated guest experience, staff training and quality standards under high pressure.
- Owner & Operator · Independent restaurant** Brazil · Aug 2008 – Aug 2016
- Founded and grew a 50-seat restaurant with a 5-person team into an established business.
 - Owned full P&L, budgeting, vendor negotiations and day-to-day operations.

Education
